Re: GN Docket No. 13-5, Technology Transitions; GN Docket No. 12-353, AT&T
Petition to Launch a Proceeding Concerning the TDM-to-IP Transition; WC Docket No.
05-25, Special Access for Price Cap Local Exchange Carriers.

Dear Chairman Wheeler:

I am writing on behalf of the Borough of Kutztown, Pennsylvania. We are a local
government providing critical utility services including electric, water, and sewer, as well
as police services to our community.

Our IT services, including both phone and broadband services, are central to answering
questions and reporting Council activity to local residents. The increasing availability of
online resources has improved community relations and streamlined our administrative
abilities.

The affordability of IT and broadband services is important to our community, and we
have chosen a competitive broadband provider to help keep costs low. Our community
relies on access to affordable options that the wholesale marketplace provides in order to
keep prices lower for taxpayers. FCC, we encourage you to keep local government
offices like the Borough of Kutztown in mind as you engage in policy discussions around
the transition to IP networks.

Sincerely,

BOROUGH OF KUTZTOWN

Kevin J. Snyder
Borough Council President
